COURSEWORK

UNDERGRADUATE
Software Design
Introduction to the Theory of Computation
Introduction to Computer Programming
Introduction to Computer Science
Introduction to Mathematical Proofs
An Introduction to Probability and Modelling

SKILLS

PROGRAMMING
Proficient:
Java • Swift • Python • HTML
LaTeX
Learning:
C • C++ • JavaScript

OPERATING SYSTEMS
Microsoft Windows, Mac OSX, Linux, iOS, Android

GRAPHIC DESIGN
Adobe Photoshop, Adobe Illustrator

OTHER
Problem Solving
Time Management
Communication
Teamwork

WORK EXPERIENCE

CLEARBRIDGE MOBILE Coop Project Manager
May 2021 - September 2021
- Created easy to follow guides and documentation on internal processes on Jira and Atlassian
- Created presentations to teach team members on new project management practices that helped the team become more efficient
- Shadowed a head project manager, letting me learn and participate in the agile project management process, and learning how the software/feature cycle works

SIDE PROJECTS

SYLLABUSPRO | Android and iOS App (Java and Swift)
- A mobile app that replaces the outdated Syllabus that students get at the start of every semester
- Scans syllabus PDF documents to collect deadlines for assessments and automatically saves them in the app and puts them in your Google or Apple Calendar
- Also lets users create tasks for courses that they have added, and allowing them to create goals associated with those tasks
- This gives students a very intuitive and simple way to set daily and weekly goals for their courses, making it easy for them to stay on track
- A summary tab shows students a simple glance at the progress for their daily and weekly goals

CONNECT 4 GAME | Java
- Connect 4 two player game created with Java
- Users take turns using the mouse to place their tiles
- Game ends when a winner is detected (when 4 circles are placed in succession).

VOLUNTEERING EXPERIENCE

BRAMPTON SOCCER CENTRE Soccer Skills and Drills Assistant
Sept 2016 - June 2018 | Brampton Ontario

- Took leadership organizing and coordinating soccer skills and drills classes
- Regularly showed patience while working with children
- Managed subordinate volunteers to distribute workload to complete all required drills on time

AWARDS

2nd Place - 2019 Peel Skills Coding Challenge
